Biosecurity Act 1993

The Biosecurity Act 1993 (the Act) provides the legal framework for MPI and others to help keep harmful organisms, such as *Mycoplasma bovis*, out of New Zealand. Compensation may be paid under section 162A of the Act where a person has suffered loss as a result of MPI's exercise of powers under the Act in order to control and eradicate the organism.

Compensation payments are based on showing that your loss was caused as a direct result of MPI exercising powers on your property or goods.

You can claim compensation if:

MPI has exercised powers to eradicate or manage a harmful organism.

- That has caused you to incur a loss, because either:
 - the loss was caused by the damage or destruction to your property, or
 - the loss was caused by movement restrictions imposed on your goods.
- The loss can be verified (complete Part 3: Supporting your claim).

Compensation cannot be paid if losses were incurred:

- Before MPI's exercise of powers commenced.
- More than one year before the claim was submitted.
- Because you have failed to comply with the Biosecurity Act.
- Because your goods are unauthorised or uncleared.

Requesting a re-assessment

Receiving a full or part payment from MPI does not prevent you seeking a re-assessment of your claim. Once payment is made, you may request a re-assessment up to 12 months after you have received payment.

You will need to complete and submit an application for re-assessment form. This is available either on the MPI website, or by contacting the Compensation Co-ordinator. We'll be happy to email one to you.

Once you have completed the application for re-assessment form, you can email one or send it by post/courier to MPI's compensation team, along with supporting documentation
